Tom Léger

Software Engineer
New York, New York, United States

Summary

Software Engineer React, Redux, MERN stack. Ruby on Rails.
Programming for over 20 years: Perl, PHP and LAMP-stack.
WordPress developer 2009-2020.

Experience

Self Employed
Software Engineer
September 2022 - Present (8 months)
New York, New York, United States

NYC Health + Hospitals
Patient Representative
April 2020 - May 2022 (2 years 2 months)
Brooklyn, New York, United States

During the pandemic I took this job, initially as a Client Navigator and then as
a Patient Representative. My duties were managing a team responsible for the
response to the COVID-19 pandemic. I built tools and management guides to
train and guide a diverse team of 20+ professionals working under stressful
conditions.
